TIANJIN UNIVERSITY OF TRADITIONAL CHINESE MEDICINE (TUTCM)

Founded in 1958 as one of the earliest colleges of traditional Chinese medicine (hereafter TCM), is an institution of higher education for training advanced personnel of TCM and acupuncture, and is also one of the bases designated by the State Education commission of the People's Republic of China, the International College of Traditional Chinese Medicine (hereafter ICTCM) was founded in the University.

The campus consists of a total area of 101,821 m² and the total building area is 81,900 m². TUTCM now has three departments (TCM, Acupuncture and Moxibustion, and Chinese Materia Medica), two sections (Teaching of Common Courses and Social Sciences), two institutes (TCM and TCM Engineering), two affiliated hospitals (No. 1 and No. 2) and two center (Clinical Acupuncture Research and Difficult Disease Research). Students in the college may take part in Doctor's degree, Master's degree, undergraduate and short-term courses. Specialized field of study include: TCM, acupuncture and moxibustion, Orthopedics and Traumatology of TCM, TCM External Diseases, Health Preservation and Rehabilitation of TCM (all of the above with length of schooling of 5 years), and Chinese Materia Medica (4 years). Now there are four authorized specialties of Master's degree.

“Experimental Acupuncture”, a course uniquely developed at the university, has been awarded the highest standard of “top prize” by the State Education Commission in 1989.

The two affiliated hospitals are among the best hospitals of the country. They have modern diagnostic and treatment facilities and totally 1,386 beds. 88 clinical departments of the two hospitals receive 6,000 out-patients a day. As the clinical teaching sections, the two affiliated hospitals have 16 clinical teaching and research offices.
